HISTORY

Guy's Beauty School was founded January 1, 1954 on Youree Drive by Guy M. Dorman as a post-graduate school for the sole purpose of further training licensed beauticians for employment in Guy's Beauty Salon. Talented beginner students were first accepted February 7, 1955. Hershel Ferguson bought the school in January 1982. On July 1, 1982, Mr. Ferguson and Claude Burch formed a partnership and changed the name to GUY'S SHREVEPORT ACADEMY OF COSMETOLOGY.

In November 1987, the school was accredited by NACCAS and in February 1988 began Title IV funding with the United States Department of Education. In 1996, we expanded our facility and programs to include a 900-hour program in skin care. The Esthetics program was granted accreditation in 1997. The Advanced Student Designers and Day Spa Training Center opened in 1997 and provided a salon-type environment in which Advanced Students sharpen their skills.

In June 2000 Guy's Shreveport Academy of Cosmetology expanded the facilities to include a chemical processing lab, large classroom and retail center. We expanded to include a Nail Center in August 2001.

Throughout the past thirty-five years Guy's Shreveport Academy of Cosmetology has continued to maintain and expand its reputation locally and in the surrounding communities. Guy's Shreveport Academy of Cosmetology, Inc. purchased the partnership on September 1, 2000. Following the death of Mr. Ferguson in January 2001, Mr. Burch purchased his stock and became the sole stockholder.

On March 26, 2003, a fire destroyed the Youree Drive location. Students missed only nine days of class, as we relocated in a temporary building in Shreve City on the 8th of April. Construction on the new building began in July 2003. On December 1, 2003, the new cosmetology school known as Guy's Academy Hair, Skin & Nails opened at 1141 Shreveport Barksdale Highway in a 10,260 square foot facility.

In June 2017, Mrs. Sue Burch acquired the stock in the corporation and became the sole owner.

SATISFACTORY ACADEMIC PROGRESS POLICY

Satisfactory Progress is a cumulative measure of both quantitative (attendance) and qualitative (academic) performance. Provided to students prior to enrollment, applies to full-time students enrolled in a contracted course of study, and consistently applied to all students enrolled at Guy’s Academy.

Minimum requirement for both weighted grade point average and attendance must be no less than 80% Students are evaluated for Satisfactory Progress as follows:

ATTENDANCE

Students are required to attend a minimum of 80% of scheduled hours to be considered maintaining satisfactory progress. Progress reports are used to evaluate satisfactory progress at each evaluation period. Attendance rate is calculated by dividing attended hours by scheduled hours from the beginning of the course.

MAXIMUM TIME FRAME

Maximum time frame is measured at 100% attendance of scheduled hours and may not exceed 125% of the NACCAS approved program length.

<u>Approved Program Length</u>	<u>Maximum Time</u>	
Cosmetology (Full time, 35 hrs a wk)- 1500	59 weeks	1875 scheduled hours
Esthetics (Full time, 35 hrs a wk) -900	32 weeks	1125 scheduled hours
Instructor Training (Full time, 30 hrs a wk) – 600	25 weeks	750 scheduled hours
Manicuring (Full time, 30 hrs a wk) – 600	25 weeks	750 scheduled hours
Combination Esthetics/Manicuring (Full time, 35 hrs a wk) - 1250	45 weeks	1563 scheduled hours

Guy’s Academy does not offer part time schedules. Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed periods are based on actual contracted hours at the institution.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

SATISFACTORY ACADEMIC PROGRESS

Components weighed in measuring Satisfactory Academic Progress include academics in theory, clinic and project work. All grades are calculated according to the following scale:

E- Excellent	94-100%
G- Good	87- 93%
S- Satisfactory	80- 86%
U- Unsatisfactory	0- 79%

Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and count toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, the assignment must be repeated. Practical assignments are evaluated in the student salon monthly as well as in the classroom. Practical assignments are evaluated according to criteria adopted by the school based on text procedures. Students must attain an 80% minimum grade in all academics. Students must satisfactorily pass any missed, failed or incomplete assignments and the highest recorded grade will be 80%.

EVALUATION PERIODS

All periods of enrollment are considered in the evaluation of Satisfactory Progress, including periods in which the student did not receive Title IV funds. Evaluations are scheduled at the following attended hour interval: first evaluation occurs prior to academic year or course midpoint, whichever occurs sooner:

Cosmetology 105, 450, 900, 1200	Esthetics 105, 450
Instructor Training 90, 300	Manicuring 90, 300

SATISFACTORY ACADEMIC PROGRESS POLICY (CONTINUED)

DETERMINATION OF SATISFACTORY ACADEMIC PROGRESS

Computer generated progress reports will be used to determine Satisfactory Academic Progress. Student receives a hard-copy and signs a copy for file retention at each evaluation. Students meeting the minimum requirements for academic and attendance performance at the evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Students deemed not to be maintaining Satisfactory Academic Progress may have their Title IV funding interrupted unless the student is placed on Financial Aid Warning or has prevailed upon appeal resulting in a status of Financial Aid Probation.

FINANCIAL AID WARNING

Students who fail to meet minimum Satisfactory Academic Progress requirements are placed on Financial Aid Warning and considered to be making Satisfactory Academic Progress during the warning period. The student will be advised in writing on actions required to attain Satisfactory Academic Progress by the next evaluation. If at the end of the warning period, the student has not met both attendance and academic requirements, he/she will be deemed ineligible to receive Title IV funds, and may be terminated.

APPEAL PROCESS FOR FINANCIAL AID PROBATION

Students placed on Financial Aid Probation may appeal a Satisfactory Academic Progress determination within ten (10) calendar days, including his/her loss of eligibility for Title IV funds by submitting a written request for appeal to the Administrator (appeal forms are available in the Financial Aid Office). Documentation must be provided that the student did not meet the minimum standard because of mitigating circumstances (i.e., death of an immediate family member, an injury or illness of the student, or other special circumstances beyond the student's control). The student must also provide an explanation as to what has changed in the student's situation that will allow the student to demonstrate Satisfactory Academic Progress at the next evaluation. Appeal decisions will be determined by Administrator and Financial Aid Administrator and provided to the student in writing within five (5) business days. Appeal documentation will be maintained in student Financial Aid file. Appeal decisions are final and may not be challenged. Additionally, only students who have the ability to meet the Satisfactory Academic Progress policy standards by the end of the evaluation period and within the maximum time frame established for the student may be placed on probation. The student will be advised in writing of actions required to attain Satisfactory Academic Progress by the next evaluation, which may include an academic plan of improvement. If the student prevails upon appeal they will be placed on Financial Aid Probation and are considered to be making Satisfactory Academic Progress during the probation period. If at the end of the probation period, the student has not met both attendance and academic requirements, he/she will be determined as NOT making Satisfactory Academic Progress and, if applicable, will not be eligible to receive Title IV funds, and will be terminated.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS

Students may re-establish Satisfactory Academic Progress and Title IV aid eligibility, as applicable, by meeting minimum attendance and academic requirements by the end of Financial Aid Warning and/or Financial Aid Probation Period.

INTERRUPTIONS, COURSE IN-COMPLETES, WITHDRAWALS

Guy's Academy believes it is in the student's best interest not to have interruptions in their educational program, therefore, does not have or recognize a leave of absence policy. Circumstances may require that a student withdraw until which time they can complete their program without interruption. Students will re-enter with the same status attained at the time of withdrawal. Course in completes, repetitions, and non-credit remedial courses do not apply and have no effect upon satisfactory academic progress.

GROUNDS FOR TERMINATION

A student may be terminated for failure to maintain satisfactory progress, financial obligations or failure to comply with standards/policies as defined in the Handbook and addendums. The school reserves the right to modify the standards/policies and student will be advised of any and all modifications.

CONCERNS AND COMPLAINTS

Students should be aware that should they have concerns or complaints about any allegation that the institution acted inappropriately or did not act to investigate or correct charges of either (or both), mismanagement of Title IV funds and misleading advertising or recruitment of students who are candidates for Title IV funding, should seek resolution thru the institutions internal complaint procedure before involving others. The complaint procedure is published in the handbook.

FEDERAL TITLE IV APPLICATION PROCESS

Any student who wishes to apply for Federal Title IV financial assistance must complete a Free Application for Federal Student Aid (FAFSA). Guy's Academy school code is 017375. A processed Institutional Student Information Record (ISIR) will be electronically transmitted to the financial aid office and used to determine student Title IV eligibility and will be retained in the student financial aid file.

CORRECTION OF INFORMATION

If for any reason a FAFSA is corrected by the student or financial aid administrator a new ISIR is generated and will be used to determine eligibility. If corrections result in a change in eligibility, or a student becomes ineligible for Title IV assistance, the Financial Aid Administrator will create an updated financial plan and inform student.

APPLICATION VERIFICATION REQUIREMENTS

A certain portion of FAFSA's processed will be subject to verification. Verification means that the applicant is asked to "verify" or confirm information on the application. Federal law says we have the right to ask for this information before awarding Title IV financial aid. Verification will be completed by obtaining a variety of documents for the applicant and/or parents and may vary based on information provided. Examples can include a verification worksheet, signed federal IRS tax return/transcript and/or W-2 information, marriage license, child's birth certificate and third party confirmation of income or benefits. Citizenship verification is determined by the United States Department of Education Central Processor. Data matches are made with Social Security Administration and the United States Citizen and Immigration Service (USCIS). The results of these matches are reported on the applicants ISIR. Students with unusual enrollment patterns will be required to provide transcripts from all schools attended beyond the high school level for the last three award years.

Except in instances where extenuating circumstances intervene, required documentation must be provided within

30 days of the date requested. All financial aid disbursements are withheld until this process has been completed.

Consequences for failure to provide verification information within the 30-day period:

Student will receive no disbursement of funds if they fail to provide the information required for verification within 30 days. In addition, student will be expected to make cash payments to Guy's Academy in lieu of any expected financial aid disbursements and may be dismissed from school. If results of the verification satisfy the requirements, first disbursement of funds to which the student is entitled will be released. If verification results in conflicting information, student will be asked to visit the Financial Aid Office where inaccurate items will be discussed and further documentation may be requested.

27

If the financial aid administrator has reason to believe that any application has been intentionally submitted under false or fraudulent circumstances, such application will be referred to the Department of Education Office of the Inspector General.

A student's financial need may not be funded entirely, or in some cases not at all, by Title IV programs. Students and/or parents (in the case of a dependent minor student) are expected to pay any unfunded portions.

APPLICANT'S FINANCIAL AID HISTORY

It is a federal requirement that Guy's Academy determine any and all federal Title IV aid previously received by any financial aid applicant. Guy's Academy uses the National Student Loan Data System (NSLDS) to obtain the financial aid history of each applicant. This information is found on the applicants ISIR. Financial aid disbursements are withheld until confirmation of previous aid is received and the applicant is determined to be in good standing with the United States Department of Education. All information pertaining to student loans obtained for enrollment at Guy's Academy will be referred to NSLDS and will be accessible by guaranty agencies, lenders, and institutions determined to be authorized users.

To receive Title IV assistance, Guy's Academy students must meet the standards of Satisfactory Academic Progress. Satisfactory Academic Progress (SAP) is discussed in detail in student handbook. Students SAP is evaluated both qualitatively and quantitatively at the end of each payment period as defined in the enrollment agreement. Students must maintain a minimum of 80% cumulative grade point average and attendance rate. Students must complete each payment period before further Title IV funds can be awarded. Students must complete their program of study within 125% of the normal time frame of the program as described in the student handbook. Course incomplete, withdrawals, and repetitions have no effect on satisfactory academic progress.

FINANCIAL AID WARNING

If a student fails to meet minimum Satisfactory Academic Progress at any payment period, will be placed on Financial Aid Warning for that payment period. Student will be eligible for financial aid during the Financial Aid Warning period. If student does not meet minimum standards at the end of a Financial Aid Warning period, he/she will lose eligibility for Title IV programs and will be terminated. Student may appeal his/her loss of eligibility, if appeal is accepted, will be placed on Financial Aid Probation.

APPEAL PROCESS FOR FINANCIAL AID PROBATION

Students placed on Financial Aid Probation may appeal a Satisfactory Academic Progress determination within ten (10) calendar days, including his/her loss of eligibility for Title IV funds by submitting a written request for appeal to the School Administrator (appeal forms are available in the Financial Aid Office). Documentation must be provided that the student did not meet the minimum standard because of mitigating circumstances (i.e., death of an immediate family member, an injury or illness of the student, or other special circumstances beyond the student's control). The student must also provide an explanation as to what has changed in the student's situation that will allow the student to demonstrate Satisfactory Academic Progress at the next evaluation. Appeal decisions will be determined by Administrator and Financial Aid Administrator and provided to the student in writing within five (5) business days. Appeal documentation will be maintained in student Financial Aid file. Appeal decisions are final and may not be challenged. Additionally, only students who have the ability to meet the Satisfactory Academic Progress policy standards by the end of the evaluation period and within the maximum time frame established for the student may be placed on probation. The student will be advised in writing of actions required to attain Satisfactory Academic Progress by the next evaluation, which may include an academic plan of

improvement. If the student prevails upon appeal they will be placed on Financial Aid Probation and are considered to be making Satisfactory Academic Progress during the probation period. If at the end of the probation period, the student has not met both attendance and academic requirements, he/she will be determined as NOT making Satisfactory Academic Progress and, if applicable, will not be eligible to receive Title IV funds, and will be terminated.

RE-ESTABLISHMENT OF FINANCIAL AID ELIGIBILITY AND SATISFACTORY ACADEMIC PROGRESS

Students may re-establish Satisfactory Academic Progress and Title IV aid eligibility, as applicable, by meeting minimum attendance and academic requirements by the end of Financial Aid Warning and/or Financial Aid Probation period.

COPYRIGHT INFRINGEMENTS AND PEER-TO-PEER ("P2P") FILE SHARING POLICY

The issue of P2P file sharing is receiving increasing attention in the U.S. and around the world. P2P file sharing is not itself illegal. However, it is often used for unauthorized downloading and uploading of copyright-protected material such as music, movies, video games, computer software and photographs, which activities can trigger civil and criminal liabilities. Several courts have determined that substantial P2P file sharing of copyright protected works generally does not fall within the fair use defense.

P2P applications are also considered a significant security risk because they use direct communications between computers (or "peers") to share or transfer data. They require client software to be installed and, by so doing, expose the network to a number of risks.

Security flaws in P2P applications may provide attackers with ways to crash computers, access confidential information, or infect the entire network. In addition, P2P applications can consume large amounts of bandwidth that are reserved for academic and administrative purposes and are, therefore, considered network abuse.

For these reasons, the unauthorized distribution of copyrighted material, including peer-to-peer (P2P) file sharing, is prohibited on the campus network at Guy's Academy.

Fire walls have been established, and will be maintained, that block the ports by which P2P information travels. Through this method of technical enforcement, Guy's Academy strives to preserve the integrity of our network at all times.

Furthermore, any computer running P2P software will be blocked from campus network access until the software has been removed from the computer. A Systems Administrator must verify removal of the P2P software before network access is restored.

Any student found using campus computers or the campus network to illegally download and/or upload copyright-protected material is in violation of this policy and is subject to disciplinary actions up to and including dismissal from school. Students may also be subject to civil and criminal liabilities.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws:

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award up to \$150,000 per work infringed. A court can in its discretion, also assess court costs and attorneys’ fees. For details, see Title 17, United States Code, 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

Guy’s Academy has always held a high standard of training. We know that the quality of education that our graduates receive will be assets Industry Professionals will utilize for a lifetime. Harassment creates an intimidating, hostile, offensive school environment and interferes with the quality of education.

Harassment means to trouble, worry, or torment an individual, or group of individuals, or subjecting individuals to hostile or abusive actions, displays, or comments, arising from a legally protected characteristic or trait. The legally protected characteristic or trait can range from an individual’s sex/gender to his/her age, race, color, national origin, religion, sexual orientation, disability (actual or perceived), or otherwise legally protected status or activity. Bullying is the continuous or repeated infliction of physical harm or psychological distress on one or more students, employees and guests.

Examples of conduct which may constitute harassment include verbal abuse referencing or implicating the protected characteristic or trait; degrading or vulgar descriptive words; continued or repeated taunting or questioning that targets the protected characteristic or trait; the display of offensive objects, pictures, posters or cartoons; intentional or exaggerated gestures; mimicry; noises; physical contact; or offensive communications of any sort, including e-mails, internet transmissions, computer graphics, social media posts, or screen savers.

This policy, as well as state and federal law, prohibits sexual harassment. Sexual harassment generally includes, without limitation, unwelcome sexual advances or propositions, requests for sexual favors, offensive or threatening verbal or written communication, sexually motivated physical contact, and the display of sexually suggestive objects or pictures. Sexual harassment may be committed by both men and women, and may be directed at a member of the same or opposite sex. Guy’s Academy has a non-fraternization policy which includes social media relationships. No employee shall threaten or insinuate either explicitly or implicitly that any student’s submission to or rejection of sexual advances will in any way influence any decision regarding that student’s evaluation, advancement, assignments, educational opportunities or any other condition of enrollment or

academic status.

Any student or employee of Guy's Academy who engages in discrimination, harassment, bullying or other offensive behavior, uses profanity, malicious slanderous comments, boisterous, vulgar, obscene or disruptive behavior, rudeness, loitering, defacing or destroying school property, threatening to or using physical violence or any other conduct deemed to be in violation of this policy will be subject to disciplinary action, up to and including termination and legal prosecution, if applicable. Other individuals found to have engaged in harassing or discriminatory behavior may be asked to leave the campus and not return.

Any student or employee who has a complaint of discrimination, harassment, bullying or offensive behavior should report the matter to the Administrator or Campus Security Officer. All complaints will be investigated and where appropriate, corrective action will be taken. All complaints will be handled with discretion and confidentiality, when possible, during investigation. Retaliation for filing a complaint will not be tolerated. False accusations of any harassment can have a serious effect on innocent people. If an investigation results in a finding that a complaint was maliciously or recklessly made, the accuser will be subject to disciplinary action, up to and including termination and legal prosecution, if applicable.

SEARCH OF STUDENT LOCKERS, PERSONAL POSSESSIONS AND STUDENT'S PERSON

The courts have upheld the claim that school lockers are **school property** lent to the student for their convenience. A search of this property is not an "illegal" search under the Fourth Amendment of the Constitution, but a reasonable exercise of the school's power in the interests of health, welfare and safety of all students. Therefore, students will have no reasonable expectation of privacy regarding their lockers. **Inspection of the interior of lockers may be conducted by school officials for any reason, at any time, without notice, without consent and without a search warrant.** This policy was established to assist in providing a safe, healthful, productive educational environment for students, customers and employees.

The school is responsible for assuring that no locker contains contraband. Contraband is defined as any unauthorized item, possession of which is prohibited by school policy and/or law. This includes but is not limited to weapons and "look-a-likes," illegal substances (as defined in the drug free policy), materials belonging to the school, employees or students and stolen property.

It will be a violation of this policy for students to use lockers for unauthorized purposes or to store contraband. It will be a violation for students to carry contraband on their person or in their personal possessions. Personal possessions include but are not limited to roll-about, purses, backpacks, book bags, packages and clothing.

A search of personal possessions of a student and/or a student's person will be reasonable in its scope and intrusiveness. School officials may search a student's locker and seize any materials deemed to be in violation of policy or illegal as defined by law. Such materials may be used as evidence against the student in disciplinary or criminal proceedings. When a student's locker is being searched, the student will be notified and given opportunity to be present. As soon as practical after the search of a student's locker or personal possessions, a school official will provide notice of the search results, including an inventory of seized items.

A student found to have violated this policy, and/or directives and guidelines implementing it, will be subject to discipline in accordance with school policy, which may include suspension or expulsion, and the student may, when appropriate, be referred to legal officials.

A student wishing to appeal any action taken as a result of a search and seizure may do so according to the complaint policy as published in the handbook.

WHAT'S THE DIFFERENCE BETWEEN A COMPLAINT AND A GRIEVANCE?

A Complaint is a problem or concern raised by a student who considers they have been wronged because of an action, decision or omission within the control or responsibility of Guy's Academy Hair, Skin & Nails. The subject of a complaint is normally an action, decision or omission within the control or responsibility of Guy's Academy Hair, Skin & Nails, that causes a student to feel they have been wronged.

A Grievance is a matter to be investigated according to formal grievance processes. This includes complaints which are not to be resolved through informal processes or mediation, and matters relating to allegations of misconduct where disciplinary action against a student or staff member may be an outcome of the investigation. The submission of a grievance will result in the appointment of an investigator to examine the complaint accordingly.

At the discretion of the Administrator these policies, procedures and standards may be changed or augmented and subsequently posted.
